

# ACTIVITY COUNTING TELESCOPES

## LOCATION MERIDIAN BUILDING

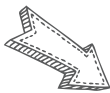

### GALLERY MERIDIAN

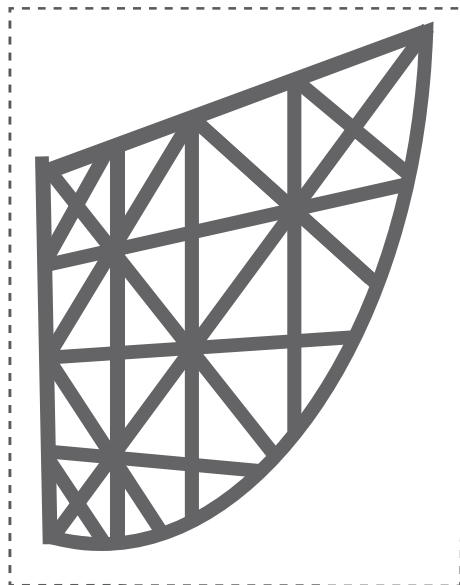

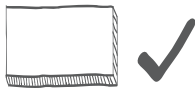

Go to the Meridian Building. Here you will find many telescopes. Astronomers used these to look at the stars and the Moon and the planets.

**Try and find these telescopes! The biggest one is upstairs past the shop – it is the biggest one of its type in all of the United Kingdom! Each picture has one fun thing to look at nearby ///**

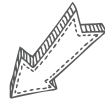

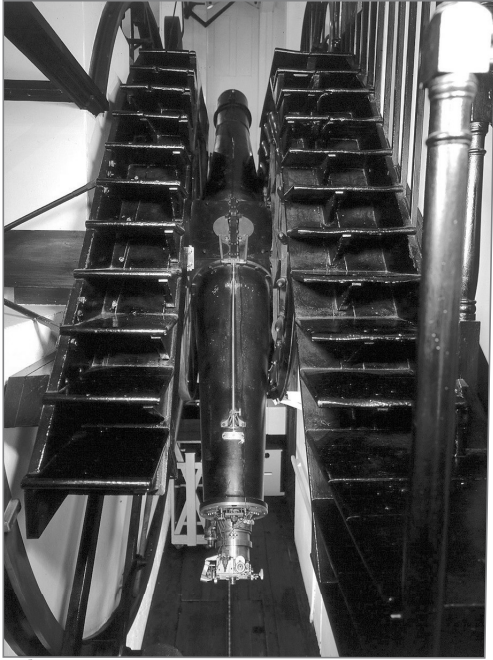

**Can you find a famous astronomer's drawings of the Moon? ///**

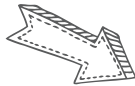

**How many clocks are in this room? ///**

Watch the video in this room  
to see the man open the roof  
so that he can look at the stars!

Look at the videos of pictures of the  
Moon. This is what it looks like to  
see through this giant telescope!

**How many telescopes  
have you looked at? ///**
