National Maritime Museum

Visit the world's largest maritime museum to discover epic stories of Britain's relationship with the sea and the world beyond. Venture into our four new galleries: 'Polar Worlds', 'Pacific Encounters', 'Tudor and Stuart Seafarers', and 'Sea Things'.

Discover the delights of the Museum including the Great Map, two dedicated children's galleries, plus hundreds of objects to behold. The Museum is your extended classroom for you to explore!

Early years and primary schools at the National Maritime Museum

Our early years and primary school programmes support pupils to use our Museum and collections to build visual literacy, critical thinking, historical enquiry and language skills. We invite pupils to use their imagination and activate their curiosity to ask questions, create stories, play and take a really close look at the things around us.

Choose from an exciting range of cross-curricular facilitated sessions and build a rich learning experience by adding a visit to one of our children's galleries or the Great Map, along with one of our exciting gallery trails.

Brimming with adventure, the National Maritime Museum is the perfect learning environment for your pupils to undertake a voyage of discovery.
